Yes! You Really Can Get More Out of Life

Exclusive Creative Genius Productivity Tools

- **Task Modifier Chart** – Master strategies to maximize your productivity, even for tasks you hate. Special “task modifiers” can make any task doable and make you more effective getting it done!
- **Task Analysis Decision Tree** – No need to procrastinate when you know exactly how to schedule, systemize, automate or delegate any task for maximum productivity.
- **Planning Activity Poster** – This guide to taking control of your life and your time was designed and tested by Creative Geniuses. The only effective “you” management system that works with your unique mind.

The Maximum Productivity Makeover for Creative Geniuses Delivers Maximum Success

As you work through this complete “makeover” process addressing every critical area, every subtle element, every productivity killing hindrance, your custom-designed **tools and strategies** will unlock for you all the success possible as a true Creative Genius.

You’ll see results immediately like...

- >> More free time at the end of your day (because you got your work done faster).
- >> More focus and clarity. Perhaps for the first time, see your life — where you are now, and where you want to be.
- >> More time with your family (and the ability to enjoy that time to its fullest instead of feeling distracted, impatient or tired).
- >> More energy and excitement about everything in your life... unleashing your creative genius is much more fun when you can actually turn your brilliant ideas into concrete results!

You’ll learn and apply Creative Genius strategies and specific techniques so you’ll **get more done** and **eliminate wasted time** from **the very first day**.

But, this is only the beginning! As you apply the Creative Genius strategies, your own creative idea-generating ability will kick in so you’ll continue to discover new and better ways of doing things, giving you even more free time, more clarity, more excitement, and more success in all areas of your life.

Imagine how it will feel to be on an UPWARD spiral!
